

**LISTING OF CLAIMS**

1 1-13 (Canceled).

1 14 (Currently Amended). The combination comprising:  
2 a carry bag of substantially cylindrical configuration  
3 having an open first end and a closed opposite second end; and  
4 a rolled yoga mat inserted through said first end into  
5 said carry bag;  
6 with said carry bag having a diameter to enclose said  
7 yoga mat when rolled with or without an encircling band in  
8 holding the mat furled; and  
9 with said closed second end of said carry bag being  
10 air permeable to ventilate said inserted yoga mat.

1 15 (Previously Presented). The combination of Claim 14  
2 wherein said yoga mat when unrolled is of a length of 5' - 6'  
3 and of a width of 3' - 4'.

1 16 (Previously Presented). The combination of Claim 15  
2 wherein said yoga mat is of a thickness of 1/8" - 2".

1 17 (Previously Presented). The combination of Claim 14,  
2 including a drawstring at such first end for closing said bag in  
3 protecting said mat against such environmental elements as rain,  
4 sleet and snow.

1 18 (Previously Presented). The combination of Claim 14,  
2 including a shoulder strap on an outside surface of said carry  
3 bag extending between top and bottom portions thereof.

1 19 (Previously Presented). The combination of Claim 18  
2 wherein said carry bag is composed of a non-synthetic fabric  
3 having a closed second end comprised of a crocheted end cap.

1 20 (Previously Presented). The combination of Claim 19  
2 wherein said non-synthetic fabric is selected from the group of  
3 cottons, velvets, velours, silks, brocades and tapestries.

1 21 (Canceled).

1 22 (Previously Presented). The combination of Claim 20  
2 wherein said non-synthetic fabric is of a floral, batik, and  
3 nature scene display.

1 23 (Previously Presented). The combination of Claim 20  
2 wherein said carry bag is one of substantially 9" x 29" and 11"  
3 x 33" diameter and length dimensions, respectively.

1 24 (Currently Amended). A carry bag of substantially  
2 cylindrical configuration having an open first end and a closed  
3 opposite second end to hold a rolled yoga mat inserted through  
4 said first end, with said closed second end being air permeable  
5 to ventilate said mat when placed within, and with said carry

6 bag having a diameter to enclose said yoga mat when rolled with  
7 or without an encircling band in holding the mat furled.

1 25 (Previously Presented). The carry bag of Claim 24  
2 wherein said carry bag is composed of a non-synthetic material.

1 26 (Previously Presented). The carry bag of Claim 24  
2 wherein said carry bag is composed of a non-synthetic fabric  
3 having a closed second end comprised of a crocheted end cap.

1 27 (Previously Presented). The carry bag of Claim 24  
2 wherein said carry bag is composed of a non-synthetic fabric  
3 having a closed second end comprised of a crocheted end cap, and  
4 including a shoulder strap on an outside surface of said carry  
5 bag extending between top and bottom portions thereof.
